Auctioneer reserves the right to postpone the sale by auction of the property for a reasonable period of time as the result of any act of war, natural calamity or significant relevant event which, in the judgement of Auctioneer, reasonably exercised, make it inadvisable to hold the auction as scheduled.

Terms and Conditions of Sale

BUYER'S CHARGE

A buyer's charge equal to 10% of the final bid realized will be added to each lot. THIS BUYER'S CHARGE WILL BE ADDED TO ALL INVOICES.

BIDDING AT AUCTION

THE HIGHEST BIDDER wins each lot. SALES TO THE FLOOR ARE FINAL. Bidding will begin slightly above the second highest mail bid. If the auctioneer recognizes no other bids from the floor, the highest mail bidder is awarded the lot at the opening bid. If bidding proceeds from the floor, McINTIRE NUMISMATIC AUCTIONS will act as agent for the mail bidder until he is successful or the next bid is higher than the maximum bid set by the mail bidder. If there are identical mail bids, preference is given to the first bid received. A mail bid will take precedence over an identical floor bid and a floor bidder must bid higher than the highest mail bid to be awarded any lot. In the event of any dispute involving a bid, the decision of the auctioneer is final. No "Unlimited" or "Buy" bids will be executed. McINTIRE NUMISMATIC AUCTIONS reserves the right to reject any bid that we believe has not been submitted in good faith. We also reserve the right to withdraw any lot at any time.

BIDDING BY MAIL

Mail bidders should read "For Successful Mail Bidding" on page III. Bids will be entered only in whole dollar amounts. **ALL BID SHEETS MUST BE SIGNED**, including company bids by a principal. Check your bid sheet carefully as we cannot be responsible for errors.

Bidders unknown to us or who have not established credit with McINTIRE NUMISMATIC AUCTIONS should furnish a deposit of 25% of their total bids. The deposit will be applied to successful bids or promptly refunded after the sale.

Postage, insurance and sales tax, if required by law to be collected, will be added to the invoice on any lots that are shipped to successful bidders. Overseas buyers must furnish their own insurance during shipment. (See Return Privileges section for additional, related information).

No bids can be accepted from persons under 18 years of age.

MONEY MATTERS

All sales are strictly for CASH with payment in U.S. funds due immediately upon receipt of invoice. Late remittance will be subject to an interest charge assessed to local maximum current allowable rates.

If bidders wish to establish credit with McINTIRE NUMISMATIC AUCTIONS, arrangements must be made prior to the sale.

Sales tax, as required by law to be collected, is the responsibility of successful bidders unless a valid resale certificate is presented or is on file with our company. Postage and insurance will be added to lots shipped.

Title to any lot remains with consignor. McINTIRE NUMISMATIC AUCTIONS, INC. acts as agents for the consignor, until the lot is paid for in full. However, it is the responsibility of the buyer to provide adequate insurance coverage once any lot is in his possession. Risk of loss is with the buyer.

In the event a bidder fails to make remittance promptly, McINTIRE NUMISMATIC AUCTIONS, INC. reserves the right to resell the merchandise and the bidder agrees to pay for the reasonable cost of such a sale and also to pay any difference between the resale price and the previously successful bid.

Return Privileges

AUCTION SALES ARE NOT APPROVAL SALES.

FLOOR BIDDERS OR MAIL BIDDERS who have examined the lot, including those acting as agents for others MAY NOT RETURN LOTS FOR ANY REASON. **All sales to the floor are final.**

MAIL BIDDERS may return lots only for reasons of authenticity or errors in the catalog. In order to preserve your return privilege, you as a mail bidder must follow the TERMS OF SALE. Invoices are due upon receipt and must be paid promptly so that you may receive your lots and still have time to comply with the deadline for returns. In the unlikely event you return a lot, McIntire Numismatic Auctions must be notified of your intent within three days of your receipt of the lot. Any lot that is to be returned must be received in our offices within 30 days from the date of sale. Therefore, LATE REMITTANCE WILL NEGATE YOUR RETURN PRIVILEGE. If a Lot is to be returned it must be housed in its original, completely intact, sealed holder. NO RETURNS OR CLAIMS OF ANY KIND WILL BE CONSIDERED AFTER SETTLEMENT IS MADE WITH THE CONSIGNOR. Since McIntire Numismatic Auctions, Inc. acts only as agents for various consignors, any dispute that arises after the settlement date is strictly between the bidder and consignor, without involvement or responsibility of McIntire Numismatic Auctions, Inc. and/or the catalogers. In any event, our ultimate liability is the price paid. Service fees (postage & insurance) are not refundable.

Questions regarding the minting of a coin as a proof or business strike relate to the method of manufacture and not to authenticity.

Bidding in this sale constitutes acceptance by the bidder of all the foregoing terms and conditions of sale.

For Successful Mail Bidding

Bidding by mail is an enjoyable and interesting experience. It can also be very rewarding if you are a successful bidder. We have been long time mail bidders and over the years have developed some guidelines that may be useful to both the experienced bidder and "rookie" alike.

1. READ THE TERMS OF SALE in front of the catalog. These terms spell out the legal obligation you incur when you submit a bid sheet.
2. FOLLOW THE TERMS OF SALE. If you have not established credit, send your references and/or a 25% deposit.
3. MAIL YOUR BID SHEET EARLY. That allows us time to check your references and to insure that your bids will be entered.
4. DO NOT BID MORE FOR A LOT THAN YOU WANT TO PAY because you are legally bound to pay for the lots awarded to you. A 10% buyer's charge will be added to the final bid for each lot.
5. REMEMBER AUCTION INVOICES ARE DUE UPON RECEIPT. Be prepared to pay in full for all of your successful bids.

Now that we've stressed the important things in the eyes of McIntire Numismatic Auctions, let us offer some other suggestions to help you prepare your bid.

Read through the catalog with a sheet of paper at hand, listing and making notes on those lots of interest to you. You then can use this work sheet to research the coins, determine their market price, and decide upon your bid.

Speaking of market price, please keep it in mind when you place your bids. It usually takes a realistic bid within current market ranges to be successful. There is no harm in bargain hunting but the chance of winning coins is greatly reduced. If you want or need a particular lot, recognize current market values and bid accordingly.

If you have questions about estimated values we are as near as the telephone. Please call us. Now that you have determined your bids, complete the informational sections of the MAIL BID SHEET. Be certain to include your phone numbers. We can then call you if there is any questions about a bid.

LIST YOUR REFERENCES.

Enter your bids. Keeping them in numerical order helps us.

Sign your bid sheet. Without your signature we cannot enter your bids.

Check your bid sheet carefully. We are not responsible for your errors.

Should you wish to sell your numismatic holdings by auction please call us. (501) 982-6150

Grading

This catalog McIntire Numismatic Auctions will use the MS-64 designation for some dollars and other U.S. Coins. While we subscribe to and continue to use the *Official ANA Grading Standards for United States Coins* as the basis for all of our grading, we have chosen to use MS-64 primarily for the benefit of the mail bidder who has not had the opportunity to personally view the lots prior to the sale.

As we all know, and accept, MS-64 coins are MS-63 by the ANA standards. However, the market place places a premium over and above MS-63 prices for those "borderline" or "almost full MS-65" coins. Without the MS-64 designation we would be faced with stretching the grade to full MS-65 and having the coin sell somewhere between the MS-63 and MS-65 price. While that in between price is probably the market, it makes auction records and the prices realized appear distorted. Similarly, if we reduced the grade on these "almost MS-65" pieces to MS-63, the mail bidder, whose business we highly value, is at a definite disadvantage with those who are able to inspect the lots. For these reasons, we at McIntire Numismatic Auctions have chosen to use the MS-64 designation.

Grading

The U.S. coins in this sale are all graded in accordance with the standards established in the *American Numismatic Association Grading Guide*. The quantitative, numerical grade is used in conjunction with the traditional letter grade in order to best describe the condition of the coin.

Poor	- 1	Very Fine	- 20, 25, 30, 35
Fair	- 2	Extremely Fine	- 40 & 45
About Good	- 3	Almost Uncirculated	- 50 & 55
Good	- 4 & 6	Mint State	- 60, 63, 64, 65, 67 & 70
Very Good	- 8 & 10	Proof	- 60, 63, 64, 65, 67 & 70
Fine	- 12 & 15		

Grading, however, is not a science. The grades herein represent our best, experienced opinion and it is possible that two people will not always grade the same item alike. Your examination should be the basis upon which you ultimately determine an item's value. After all, in any sale, any item's value is solely determined by its price.

Coins graded by ANACS are catalogued at these assigned grades.

All photographs in this catalog are of the actual item to be sold.

Five Dollar Gold (Cont'd.)

3063 1880-S \$5.00 Gold EF-45.

3064 1881, 1 over 0 CHOICE AU-50. The original 1880 punch was too low; traces of all four numerals are present and the 0 is visible to the naked eye. The most interesting overdate. Rare enough to have gone undiscovered until the early 1970's. The few recent auction records show only 65 offered for sale. Considering the rarity of the variety. A realistic value would be somewhere in the \$1000 to \$2000 range. (PHOTO)

- 3332 1878 7F 3rd Rev. R/B MS-64/65. Razor sharp strike, frosty and really superb. Struck so hard there is evidence of extra metal flow over the rims. A small planchet defect at 7 o'clock is, however, a testament to accuracy.

3690 1892 MS-64/63. Cameo Prooflike. Deep black mirrored fields. Let's face it, this date doesn't come in MS-65 Cameo Prooflike (except perhaps in Wayne Millers Book). This piece has to be worth about one fifth of the \$3600.00 the Grey Sheet lists it as. If the cameo prooflike buff doesn't get this coin he's going to have an empty hole for the 92-P. (PHOTO)

- 3727 1896-O MS-64.** Extremely well struck with the hair lacking the detail of the last half strand. The breast is fully rounded with all feathers detailed. The obverse fields show just a trace of disturbance from contact with the coins. The reverse is virtually pristine. A few small ticks on the cheek and a faint scuff keep this from a gem category. Nevertheless, a bonafide, nice uncirculated 1896-O. (PHOTO)

- 3728 1896-O MS-63.** Well struck with full feather detail. Slightly soft in the last strand of hair. A few light obverse contact marks. A very scarce date in this condition.

- 3729 1896-S MS-65.** Brilliant. A light hairline scratch on the obverse keeps this coin from an even higher grade. We know that gems of this date are few and far between in the market. This is a very scarce date and this coin in particular should bring close to sheet. The eagle's feathers are fully sculptured and the hair over Liberty's ear lacks only one hair line from being full. A somewhat reflective surface. Just an outstanding 96 S (PHOTO)

- 3730 1896-S MS-60/63. Fully struck which is most unusual. Excellent luster. Many light but no severe die wear marks. A tough tough date.

- 1744 1097 MS-B5. Fully woven and
-
- finely textured, with very subtle

- 3742 1897 M5-B5/C7 (strongly) orange
for redshifted colour during primary
effusion.

- 3733 1897-O MS-60/65 Fully struck.
Tail and head together about equal
silver coloration on the obverse.
The reverse is entirely prooflike. Two
mint state pieces are noted here.

- 3734 1897-O MS-60 Somewhat lightly struck at the bottom and with a few marks none serious. Brilliant. A scarce condition state.

- 3735 1897-O MS-60.** A decent strike with fairly clean surfaces. Dipped to brilliance. Still a decent example of this tough date.

- 3736 1897-S MS-64/65. A frosty border line gem

- 3737 1897-S MS-64. SEMI-PROOFLIKE.
Very clean but missing one strand of
hair

- 3738 1897-S MS-64. Well struck and frosty

- 3739 1897-S MS-63/65.** Extremely clean. A gem but for a few light obverse hairlines. Satiny luster.

- 3740 1897-S MS-60/63. Well struck and
not heavily abraded, 1925 AU-50.
(TOTAL 2 PIECES)

- 3741 Illinois, Chicago. Swede's Saloon.
Good For All Night reverse Brass
38.1mm.

- 3742 1898 MS-65/64, Cameo Prooflike**
Incredible deep black mirrored fields.
Frosty 'white' devices. Razor sharp
strike. We grade the reverse MS-64
because of a few tiny imperfections. Not
ing serious but 98 P's rarely come
this deep or with this much contrast.
(PHOTO)

Consignment Information

Consignments are accepted for auction at any time for future sales. Usually more than 50 consignors are represented in each sale. Commissions are charged on the total amount consignment realized.

Commission Rates: **10% of the total price realized, consignments exceeding \$10,000 @ 7½%, exceeding \$25,000 @ 5% commission.** This commission covers all costs including catalog preparation, listing and description of the various lots, photography (of particularly important pieces), and other normal operations. There will be a 10% buyers charge on this sale.

On extreme rarities and large collections, fees are negotiable.

I would be pleased to discuss your potential consignment in confidence with you personally if you have any questions or concerns.

While in our hands, consignments material is insured for its full consigned value or at the Coin Dealers Newsletter Bid.

Material should be shipped to us by registered mail. An acknowledgment of receipt of your shipment will be sent along with a confirmed auction contract. Additionally, material can be hand delivered personally by the consignor to our offices, sent by courier or hand delivered to one of our convention agents.

Reserve Bids: If executed, our minimum fee is **10%** per lot of the knock down price. This applies only if the reserve bids are submitted with the consignment. If we feel a lot will not sell at or above a reserve, we will reject this lot and return it to the consignor at no charge. In the case of reserves not submitted with consignments, they are treated as bids and the full commission rate is charged to the consignor if the reserve is the winning bid.

We do reserve the right to recatalog, regrade and estimate lots according to our established standards.

We are mainly interested in consignments of auctionable material, both in terms of rarity and grade, since they realize the best return due to demand and popularity. We prefer listing lots with minimum values in excess of \$100 each without bulk lotting. Items of lesser value are normally grouped together. We are one of the few auction houses that will accept total collections for auctions.

At least 2000 copies of each of our catalogs will be mailed to subscribers and active clients. Our total mailing list is now in excess of 5,000 names of actual auction bidders, individuals, firms and institutions who at one time or another requested a catalog.

Settlement checks are issued 45 days after the sale on all lots with a completed sale.
